Senate.

WASHINGTON, December 11.—After the introduction and reference of a number of bills, the senate at 1:10 p. m., on motion of Senator Ingalls adjourned.

Among the bills introduced and referred after the transaction of some routine business were the following.

By Senator Cullom of Illinois—To reimburse the several states for interest paid on war loans.

By Senator Jones of Arkansas—To provide for the deposit in the treasury of the receipts of the money order system and for the payment of its expenses out of appropriations, and also secure cheaper telegraphic correspondence.

By Senator Wilson of Iowa—To prohibit the mailing of newspapers containing lottery advertisements, and prescribing a penalty for violation of the same.

By Senator Palmer of Michigan—To prevent the introduction and diffusion of contagious and infectious diseases in the United States, and to promote the general sanitary welfare of the people.

By Senator Cockrell of Missouri—Referring to the court claims for property seized by General Johnston on the Utah expedition; also for the relief of the heirs of colored soldiers who served in the war of the rebellion.

Senator Hale offered the following resolution, which was agreed to:

Whereas, It is alleged that S. S. Brown, a citizen of the state of Maine, has been instrumental in procuring the removal of certain postmasters in said state and the appointment of other persons to serve in their stead, and,

Whereas, It is further alleged that said Brown has written to parties whose appointment he has procured as aforesaid, letters in form and substance like the following:

Dear Sir:—I have secured your appointment as postmaster at your place. Your papers will be sent in a day or two. If you feel like sending a small sum to help defray the expenses of attending to Maine matters you may do so. Respectfully yours,
S. S. BROWN.

Therefore, Resolved, That the postmaster general and is hereby directed to furnish to the senate a list of the postoffices in Maine and the names of the persons removed and of those appointed postmasters at the same, where the said S. S. Brown has favorably recommended the same or endorsed the application therefor.

The following resolution offered by Senator Vest was agreed to:

Resolved, That the president be requested, if not incompatible with the public interest, to transmit the senate the correspondence had by the government of the United States with the government of Italy and Austria-Hungary in relation to the appointment by this government of A. M. Keily as envoy extraordinary and minister plenipotentiary, first to the government of Italy and then to that of Austria-Hungary, and also any other correspondence, the information of which may be deemed by the president of importance and pertinent to the subject matter of the resolution.

A resolution offered by Senator Morrill was agreed to, requesting the president, if not incompatible with the public interest, to transmit to the senate any information or documents received from our counsel general at Paris, or from our special agent sent to the financial centres of Europe, in respect to the establishment of such an international ratio of gold and silver coinage of both metals at the mints of those countries and our own.

A resolution offered by Senator Wilson, of Iowa, was at his request laid on the table for the present, but ordered printed, calling on the secretary of the interior for a copy of each report made by the government directors of the Union Pacific railroad company from the date of the first appointment of such directors to the present time.

pointment of such directors to the present time.

At his own request Senator Riddleberger was relieved from service on the committee on railroads.

Senator Maxey, at his own request, was relieved from service on the committee on railway affairs. Senator Waltham was appointed in his stead. There being no further business the senate adjourned.

House.

WASHINGTON, Dec. 11.—After the reading and approval of the journal, the speaker asked and received the permission of the house to appoint the committees on rules, accounts and bills.

Mr. Morrison, of Illinois, offered a resolution, for reference to the committee on rules when appointed, continuing in force the rules of the Forty-eighth congress with certain modifications, among them being one for the distribution of the work of the appropriation committee among other standing committees of the house, this committee to be still left with jurisdiction over legislative and sundry civil bills, and the well known rule 21 proposed to be amended by striking out the clause which provides that no provision in any such bill (general appropriation) or amendment changing existing laws be in order except as being germane to the subject matter of the bill, or shall retrench expenditures by a reduction of the number and salary of officers of the United States, by a reduction of compensation to any person paid out of the United States treasury, or by a reduction of the amounts of money caused by the bill. Reference of the resolution was ordered.

Mr. Springer, of Illinois, presented for immediate action a code of rules prepared by him, which have already been published.

Mr. Herbert, of Alabama, raised a point of order against the proposition, but withdrew it for the present to enable Mr. Springer to explain his proposed code.

Mr. Hammond, of Georgia, offered a resolution declaring that pending the consideration of the proposed rules, and until the rules of the house shall be adopted, the house be governed by the rules of procedure of the last house so far as applicable, and by Jefferson's manual.

Considerable debate ensued as to whether the house was to be governed by the rules of the preceding congress until new ones are adopted.

The speaker appointed a committee on rules as follows: The speaker, Messrs. Randall, Morrison, Reed and Hiscock. In order to give the committee time to consider the various propositions referred to it, on motion of Mr. Morrison the house adjourned until Saturday.

Mr. Dan Leuch, the general proprietor of the Maison Doree received to-day five hundred eastern shell oysters, and Dan defies any cook in town to beat him in serving them to his numerous customers in the different tables.
